The internship programme also includes visit to various community and primary health centers, corporate hospitals and NGO's working in health care fields.

It is a chance to develop not only a new set of skills but also a new perspective.

Student Testimonials

"The best part for me in the Indian Summer Schoo Program was the new relationships that I made here in India. Parul University really redefines the Teacher - Student Dynamics; in the sense that they are not only my mentors but my friends too!"

> I thank Parul University for this wonderfu Experience

> > -Ms. Allison Hodgkinson

Student of Public Relations Humber College

"India is so colourful. All the monuments have captivating stories about them. Among the places, I the numerous stories related to them can hardly be found anywhere else and learning Hindi has helped us understand these stories better

-Ms. Anna Maria Kasiura

Student of Architecture Wroclaw University of Technology

Country: India

- India is the largest democracy in the world, the 7th largest Country in the world, and one of the most
- A commonly known, but not to be neglected India fact is that the number and concept of zero was invented and documented first by Indians.
- Algebra, Trigonometry and Calculus are studies, which originated in India.
- The 'Place Value System' and the 'Decimal System' were developed in India in 100 B.C.
- The Pentium chip and Hotmail were created by Indians-Vinod Dahm and Sabeer Bhatia respectively. India exports software to 90 countries.
- India has the world's second largest train network, and it is the largest civilian employer.
- There are 1,652 dialects and languages spoken in India. It is not at all unusual for an Indian to speak at least two and often more languages well.
- India now has the largest population of English speakers in the world.
- More than 50% of India is younger than 25 and more than 65% are 35 or younger. The average Indian age is much younger than most other nations.
- It's estimated that in the next two to three years, 25% of people entering the workforce will be Indian.

State: Gujarat

- Gujarat is one of the most prosperous states of the country, having a per-capita GDP 3.2 times India's average.
- If it was a nation it would have been 67^{th} richest nation in the world
- Guiarat holds many records in India for economic development: 20% of India's Industrial Output, 9% of India's Mineral Production, 22% of India's exports, 24% of India's textile production, 35% of India's pharmaceutical products, 51% of India's petrochemical production
- The world's largest ship breaking yard is in Gujarat near Bhavnagar
- India's 16% of Investment are from Guiarat
- Indian Prime Minister Mr. Narendra Modi belongs to the State of Gujarat.

City Vadodara

- Vadodara formerly known as Baroda, is the third largest and most populated city in the Indian State of Guiarat
- Famous companies such as ABB, Reliance Industries, Schneider Electric, Larsen and Toubro, Collabra, DuPont, Bombardier, ERDA, General Motors etc. all have a strong presence in this city, also it has presence of IT multi-national companies Due to its rich cultural traditions, the city is referred to as Sanskari Nagari, i.e.
- The city is on the major rail and road arteries joining Mumbai with Delhi and Mumbai with Ahmedabad. Due to this Vadodara is known as a Gateway to the Golden Quadrilateral
- The recent decision of Confederation of Indian Industry(CII) is to develop Vadodara as 'Knowledge City'
- Indian Prime Minister Mr. Narendra Modi is the Member of Parliament from Vadodara City
